

Turn From Sin To God, Sermon Of Scientists

Deliverance from sin and its effects is available for all who

turn from it to God, according to the Lesson-Sermon on the topic, "Everlasting Punishment" in all Christian Science Churches this week.

The Golden Text is from Romans (6:16), "Know ye not, that to whom ye yield yourselves servants to obey, his servants ye are to whom ye obey; whether of sin unto death, or of obedience unto righteousness?"

Queen to Reign Over May Day Pageant Program

Plans are now complete and a gala May Day outing at the Avalon-Sepulveda Park will be staged Saturday, May 17 as an annual Spring Pageant, complete with a May Queen and attendants.

Special festive dances representing countries throughout the world will be given around the Maypole by children from neighboring communities. The youngsters have been working for three weeks in preparation for the colorful dances, it was stated.

All activities are sponsored by the Los Angeles County Department of Parks and Recreation.

Amateur radio station call letters are identified also by a number. This is to also locate the district in which these stations are operated.

Park Lack Hit By Committee In Resolution

Harbor City is the only community in the 15th councilmanic district of Los Angeles City that does not have any kind of park or recreational facilities, a resolution presented to Councilman John S. Gibson this week declared.

Handed to their representative by members of the Councilmanic Advisory Committee serving the Harbor City area, the resolution said that recent inquiries made by the residents to officials of the City Department of Recreation and Parks were not answered to satisfaction.

The advisory group, headed by Mrs. Frances Henck, is seeking the aid of Councilman Gibson in securing the needed recreational facilities, they stated.

TORRANCE RESIDENT INJURED IN CRASH

Chester J. Merritt, 25, 1563 W. 219th St., received minor injuries Friday night when his car and one driven by John W. Campbell, 49, Los Angeles, were involved in a collision at Alameda and 223rd Sts., according to the California Highway Patrol.

Merritt was treated by a private physician for cuts and bruises and Campbell was cited for failing to make a boulevard stop, officers report.

Jacob Eichman New VFW Post Commander

Jacob Eichman was installed as commander of Lomita Post #22, and Ann Long installed as president of the Post Auxiliary of VFW in ceremonies conducted Tuesday at the VFW hall.

Iray De Hart is retiring commander and Dorothy Mack retiring president of the Auxiliary. Harry and May Goodrich are installing officers for the Post and the Auxiliary, respectively.

NORTH TORRANCE TATTLER

By MRS. EILENE ALLISON
MEMO 4-2430

The Kickin' Chickens really went all out for Easter with an Easter Hat Dance. This square dance club of Northrop Aircraft showed up with hats decorated with everything from bird cages to plumber's helpers! Growing gardens could be seen 'do-se-doing' with birds that looked real enough to sing! Mr. and Mrs. Ed Collins and Mr. and Mrs. Lou Simon were among those in our area to enjoy the festivities at Swimm's Barn.

Speaking of dancing, the NTCIA is sponsoring a Boy Scout Benefit Dance May 17, and I understand it is to be quite an evening. Several entertainers will be on hand and door prizes will be given. The Sandmen will provide the music. This will mark the second appearance of this orchestra at McMaster Hall, and those who danced to their music before will be the first to purchase tickets. Board members are selling tickets entitling you to an evening of dancing and enter-

for White House Evaporated Milk

White House Milk babies are go-getters—and it's easy to see why. Youngsters just love its creamy-rich flavor; and White House Milk's added pure vitamin D₃ helps them grow straighter, stronger arms and legs to the neck. This is the same vitamin actually formed in the human body by real sunshine. Ask your doctor about wholesome, healthful, thrifty White House Milk!

Best wishes are for little Robert Fannon, age two, who became so ill this week that a spinal puncture was taken to determine the reason for his illness. Harbor General eased the parents' minds, however, by stating it was not polio. Robert lives at 17520 Cerise.

The Campfire Girls celebrated the birthday of Judy Thornton who was 12 this Monday with a party. The group held an election of officers and elected as president Barbara Borrelli; vice president, Judy Breitenfeldt; secretary, Beverly Stepp and treasurer, Midge Simon. Mrs. Breitenfeldt has taken over the girls, relieving Mrs. Betty Johnson who has worked diligently with the Campfire Girls for some time.

Mike Harden, 17019 Crenshaw, entertained the senior Hardons from Northern California this weekend.

Barbara Jean and Charleen Dyer, 17030 Crenshaw, are spending the week with their grandparents in Costa Mesa. The reason for being the painting that is going on at the Dyer residence.

Several weekend trips being taken this nice weather. The McKenzie family motored to Palm Springs Sunday . . . the Jack White family motored to San Lorenzo to visit Jack's sister, Mrs. F. E. Rutherford, and on to Oakland to see his mother, Mrs. Bessie A. White. The group visited the Golden Gate Park and Emory said the rhododendrons were beautiful! Little Leo enjoyed the ferry.

It must be quite a thrill to become the mother of an adorable little girl, but imagine becoming the mother of TWO! This happened at the Norman Rough home at 4344 W. 179th St. this week. The twins weighed five pounds each and were promptly named Candice Marie and Janice Laree. The girls were the first for the Roughs, and we offer our heartiest congratulations!

Congratulations to the Lee Kuhns of 17021 Crenshaw who also became the parents of a girl this week. She is yet to be named.

Clarene Good planes in from Chicago this week after a two week's vacation. She resides at 17017 Crenshaw.

May 7 is the date for the next NTCIA meeting at McMaster Hall. Sgt. Al Casullo of the Los Angeles Sheriff's Department will speak on juvenile problems.

Richard Fannon's mommy went all out for his birthday this week! It was a Howdy-Doody party with the centerpiece being a tepee filled with gifts for the guests! The nut cups were made of brown paper and the place mats were Indian blankets. About 15 boys and girls will tell you this one was one swell party! Birthday greetings to Richard who, by the way, resides at 17520 Cerise.

This past Sunday my Jimmy, age three, fell, striking his head on a cement form stick (never a dull moment) that his father had driven into the ground to hold his curbs. A huge cut resulted. In the process of seeing how badly he was hurt he kept muttering "Don't take me to the doctor. Just put a band-aid on it and it will be all well!" Oh, for the kind of faith these preschool children have in that glorified band-aid!

Millinery Adult Class Set for Lomita School

An adult class in millinery instruction is being conducted at Lomita Elementary School each Tuesday from 9 a.m. to noon. Mrs. Pamela Grubb, instructor with the Banning Evening Adult School program, has announced.

Enrollment is still open in the morning course, Mrs. Grubb said, with hat blocks, design and style emphasized in the classes.

FISHING CENTER

New England accounts for about one-fourth of the entire U.S. fish catch annually, according to the U. S. Fish and Wildlife Service surveys.
